Sept. 23, 1843.

85-

Yarmington Sept 23 1843

Mr Phelps Dr Cousin

I supposed you had been informed that the road across your land was to be opened the 1<sup>st</sup> of Oct & that as Mr Washworth told Emma that your money was ready 20 \$ & the rest of owners have taken their pay. I have expected you or your mother all the week & if you wish to do or have any thing done it must be soon. The road is laid out from Mr Bishops barn, to over the bridge near the big rocks. The fences will need to be taken down to save the stones.

We are all well as usual. You have probably seen Mrs Camps death in print she was thrown from a waggon and lived 12 hours but was insensible. I shall expect your mother soon.

Yours in haste M L Phelps
